

FACT (The Foundation for Art and Creative Technology) is the UK's leading organisation for the support and exhibition of art and film that embraces new technology and explores digital culture. The artworks here explore how we connect with the world, with nature and with each other through our bodies.

Take a picture with your favourite artwork! Your grown up can share it with us using #LB2021 on Instagram

Draw your favourite artwork from today!

We hope you enjoyed seeing the artworks!
